

adda  
designed by Boss

Versatile and endlessly configurable, Adda is an articulate seating solution in every sense. Its strong, flowing lines give it a style that is both distinctive and appealing.

Adda can be configured in a combination of colours and flowing arrangements. It is suited to any environment where relaxation and hospitality are the key

notes to be struck, from intimate reception spaces to expansive atrium areas.

|  
The soft, rounded forms of the Adda range signal a commitment to comfort and evoke a sense of easy relaxation.

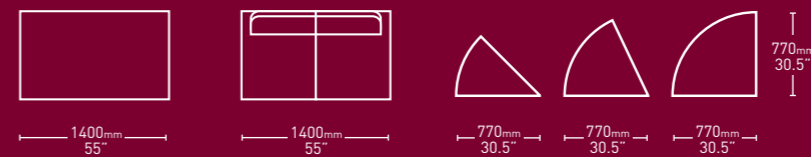

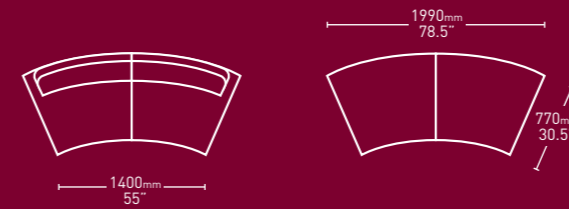

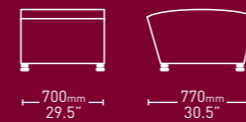

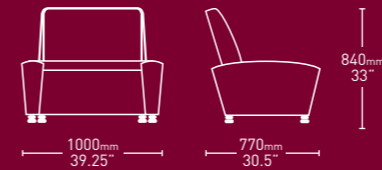

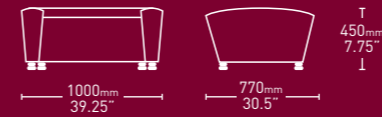

In addition to the variety of seating modules and arrangements, your choice of finishing touches will give Adda a personality that reflects the distinctive ethos of your organisation. Adda is available in a range of materials

and colours. There is a choice of aluminium, natural beechwood or stained feet to add subtle variations to your chosen configuration of Adda seating.

# adda

## Options

Adda comes as standard with natural beech feet and is available in a number of formations:

- One-seat curve with or without back.
- One-seat straight with or without back.
- Two-seat curve with or without back.
- Two-seat straight with or without back.
- 45° unit.
- 60° unit.
- 90° unit.

The beech feet may also be stained or replaced with aluminium feet at an additional cost.
