

Andoo tables. Design: EOOS.

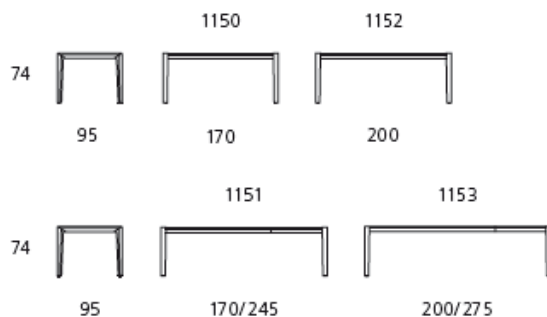

The elegance of sculptural details matched to one another is the common design theme of the Andoo table and the Andoo chair. The table can be extended to accommodate a further two people. The legs at the head of the table are on castors and thus easy to move; the leaf can be removed and added to the table.

Model no.	1150, 1151, 1152, 1153
Table top	Thick veneered wooden top with wooden blinds on the side.
Base and legs	Extending mechanism in chromed steel. Legs in solid wood.
Surface	Beech, oak, oak stained wengé or americ. nut wood. More finishes on request.
Mechanism	Ball bearing extending mechanism with extending top. The extending top extends the table for 75 cm.
