boater
designed by Boss

The dynamic of the elliptical form provides the cue for Boater. Its flowing lines suggest a smooth-running efficiency and self-confidence. Now establishing itself as a contemporary classic, Boater offers a dynamic sophistication suited to a wide range of corporate reception and lounge areas.

Achieving the elliptical forms and detailing for this chair requires a technical mastery available only to people highly skilled in their craft. Meeting such design challenges means Boss can produce seating that is both comfortable and offers distinctive styling.
