zoot  
designed by Boss

The timeless, arched design of Zoot and the commitment to craftsmanship articulated in the twin-stitching make this chair a contemporary classic.

Zoot is also a chair that makes no compromises on comfort. It features a traditional hardwood frame for strength, overlaid with interwoven elasticated webbing for flexible support.

This ensures Zoot has the high comfort factor that has become the hallmark of Boss. The self-confident Zoot is a chair that is suited to any contemporary workspace - modern, retro or traditional.
