choo  
designed by Boss

A contemporary chair – Choo's sweeping, arching curves are guaranteed to attract interest. It adds an aesthetic innovation to the classic tub-chair design. Its unique design makes Choo a highly functional chair. It is suitable for reception, meeting room, third-space and lounge areas.

Choo's soft, dramatic forms offer not just a visual statement – they reflect the technical expertise and high comfort levels that are the hallmark of Boss. Achieving Choo's dramatic impact requires a high degree of technical

innovation in the engineering of the combined arm and back. Choo's sweeping forms are also only made possible because of the skill and expertise of our upholsterers.
