

- 01. Viv lounge chair.
- 02. Viv chair.
- 03. Viv barstool.

viv

chair/lounger/stool

design

Simple and very comfortable, the Viv chair's paired down shape is highlighted by its tight upholstery, cleverly held deeply into the bucketed seat. Viv was motivated by quality and function and the range of chair, barstool, and lounge chair are a welcome addition to any space, especially as their fully upholstered form can be easily altered with a change of fabrics.

technical

The main seat area of Viv is constructed with a 3D formed plywood, providing a comfortable bucketed seat. This is then covered with CMHR foams. The base options are both made from mild steel then polyester powder coated or chromed. *All dimensions quoted are rounded to the nearest 5mm or nearest 1/2 inch.

Viv chair designed by naughtone

general manufacture description

The Viv chair inner shell is constructed from a 3D formed plywood, providing a comfortable bucketed seat. This is then covered with CMHR foams and then fully upholstered with fabric.

The Viv chair base is machine bent from mild steel rod which is then weld jointed together and polished by hand to a smooth surface. The steel rod is then finished with either chrome plating or polyester powder coat. The Viv seat and frame are assembled together by hand using minimal fixings and can be easily disassembled if necessary.

facts

- 100% FSC certified timber
- naughtone is FISP and ISO14001 certified
- 8.5kg Total weight
- 53.4% Recyclable (base, foam, fixings & feet)
- 38.9% Compostable (plywood frame)
- 31% Recycled content (base, chip foam & fixings)
- 38.9% Reuseable content
- 84.4% Recycled & Recyclable content
