

369. Design: Walter Knoll Team.

The 369 caused a furore with its unconventional design back in the fifties. Now it is setting trends again. Featuring all its original charm and appeal, it convinces elegant on its own and tremendous in a group. An ergonomically formed and perfectly upholstered seat with a highly polished or satin-chromed metal frame. Matching with the armchairs, glass tables are also available in the programme 369 Classic Edition.

Model no.	369-10
Frame	Steel, with highly polished chrome-plated finish or satin-chromed finish.
Shell	Plastic shell with foam-moulded latex upholstery and an outer layer of wadding.
Glides	Glides with metal glide surface for soft floors, synthetic glides for hard floors, stone and wooden floors.
