|
Serif's smooth flowing form creates a self-assured presence with distinctive visual appeal. Serif's unique appearance can be further enhanced by a variety of finishes; it can be fully upholstered in either fabric or leather, or alternatively supplied with

|
a show-wood ply in a selection of veneers. Available on a polished aluminium 4-star base complemented by a sleek chrome arm, Serif's organic curves and stream-lined appearance make it a sophisticated choice for the contemporary meeting room.

Fully upholstered Serif

Show-wood Serif

Options

Serif is available either fully upholstered or with a show-wood ply which comes as standard in Black American Walnut. Alternative veneers such as European Oak are also available but subject to a price and lead time which is quoted on application.

Serif comes as standard with a polished cast aluminium 4-star base. An optional chrome 4-star base is also available. Serif can be supplied with or without chrome arms.

Environmental statement

We are passionate about caring for the environment. FSC accredited and a carbon neutral company, we prefer to work with like minded suppliers who use raw materials and components obtained only from ethical sources. Not compromising on quality, wherever possible we also purchase materials with a high recycled content. We work closely with local suppliers and constantly review our global logistics operation to ensure we minimise any negative impact on the environment.

We actively monitor the carbon footprint of our products throughout their life-cycle to ensure they meet Boss Design's environmental policy.

At Boss Design we work closely with the Greenworks organisations to deliver our award winning end-of-life product management process. Here we arrange for clients' old furniture items to be collected and redistributed to charities and other good causes. Alternatively, unsuitable furniture is always broken down and recycled.
